Paragraph: Inherited traits are characteristics that an organism receives from its parents through genetic information. These traits can be physical, such as eye color or height, or they can be behavioral, like intelligence or personality. The _____ of these traits is determined by the combination of genes an individual inherits from their parents. Some inherited traits may not be expressed until later in life, while others are apparent at birth.

Answer bank: INHERITED, PHYSICAL, GENETIC, COMBINATION, EXPRESSED, APPARENT, ORGANISMS, PARENTS
